Purpose: Timely information on competitive marketing activities is critical in order to determine potential impact of these activities on RJR promotions and programs.

Attached is the Competitive Marketing Activities and CATS input report for August 1998. Information for this report should be obtained from all Management as well as Sales Representatives. It is important that the information be reported at the division level **not the region level**.

When large scale sales meetings are scheduled/held by our competitors, it is often an indication of new brand introductions or major new programs. If you hear of any such activities, please call and report to Ext. 5154 or 7501 immediately or fax to 336-741-6892.

All new brand introductions, price increases, Direct Account Programs, and any other special activities should be reported ***immediately*** to:

Ed McAtee
800-215-5859, Ext. 5154
Fax: 336-741-6892

It is not necessary to follow the traditional lines of communication when reporting competitive information. All members of management are encouraged to call Winston-Salem directly. Also, please do not hold competitive information until this report is submitted - mail or fax information as it is received.

Whenever information or competitive items are sent to Winston-Salem, please ensure they are name stamped or identified with the name and division number.

Return attached report as soon as possible but no later than September 1, 1998.
